

Verzendkosten instellen in Magento 2

In Magento 2 kunt u de verzendkosten instellen door te navigeren naar:
Stores > Configuration > Sales > Shipping Methods.

De verzend functionaliteiten komen geheel overeen met Magento 1. U kunt een TableRates bestand vanuit Magento 1 dus exporteren en weer inladen in Magento 2.

The screenshot shows the Magento 2 admin interface for configuring shipping methods. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, and System. The main content area is titled 'Store View: Main Website' and includes a 'Save Config' button. A left-hand menu lists categories: GENERAL, CATALOG, CUSTOMERS, and SALES (which is expanded to show Sales, Sales Emails, PDF Print-outs, Tax, Checkout, and Shipping Settings). The main area displays a list of shipping methods, each with a dropdown arrow on the right:

Free Shipping	⌵
Flat Rate	⌵
Table Rates	⌵
UPS	⌵
USPS	⌵
FedEx	⌵
DHL	⌵
